We promote activity that favours intercultural relations and the management of cultural diversity

Lin Yueyan's history

Lin Yueyan. 28 years old. Barcelona

"I am here alone and you've made me see there is hope."

I'm called Yueyan, I come from far away China and I'm 28 years old. I came to Barcelona a year and a half ago to be with my family. I only knew the Sagrada Familia, I still go a lot. I've got used to living here, I find that local people are pretty nice and I'd like to stay in Barcelona. At the moment I'm working in a mobile phone shop. I'd very much like to get more integrated. Going to a language class is one of the things I'd like to do. But I have to face reality: I'm alone here and have no family members in Spain. I'm very envious of your jobs as intermediaries; being a volunteer is something I've wanted to do for a time, but I can't because of the language barrier. Your work is very significant, you help a lot of people. If I could talk the language well in the future, I'd like to help more people. I'd like to thank Vero, Hailing and the "la Caixa" Foundation. You are very kind. You helped me at my difficult moments. I am here alone and you've made me see there is hope in life and not just disappointment. Many thanks for everything.
